

VERIFY YOUR SIZE

Sizing verification

Before placing your order, please double check what size you need to order by making reference to the chart below:

A : OVERALL LENGTH

B : TWIST TOES PERIMETER (circumference)

B1: TWIST TOES WIDTH

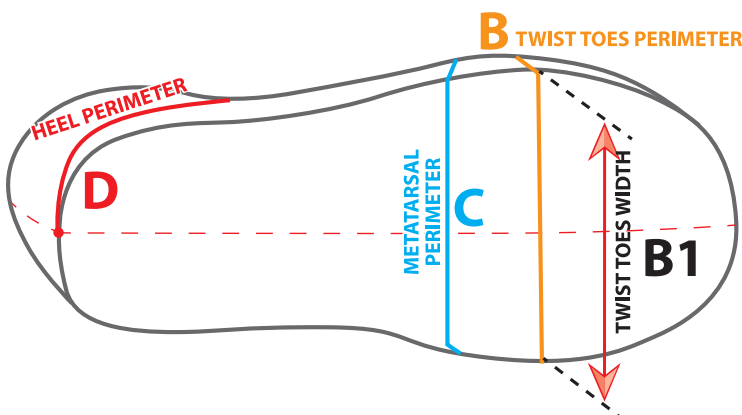

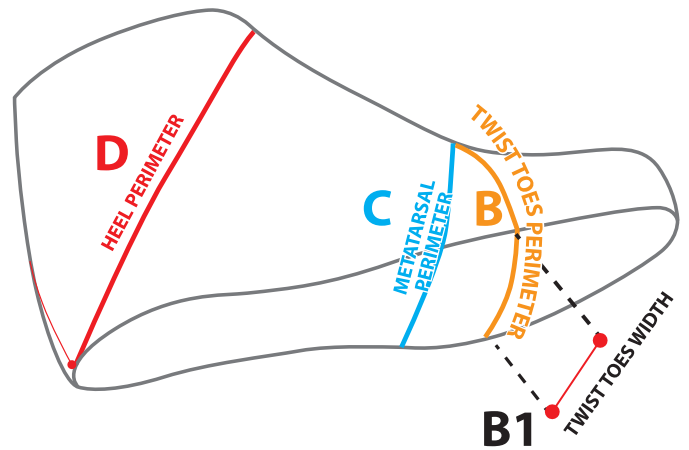

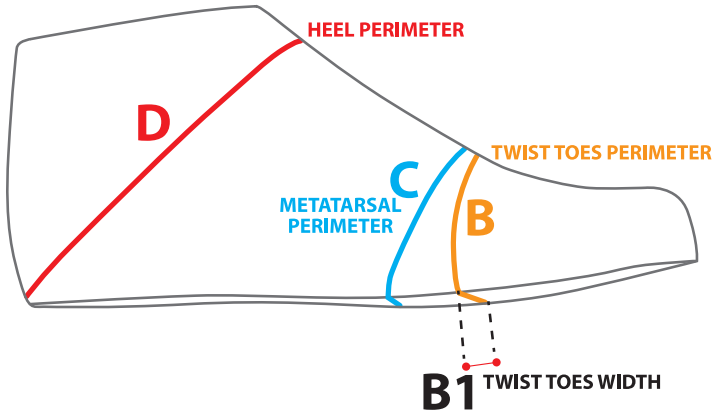

C : METATARSAL PERIMETER / ANATOMIC BALL (circumference)

D : HIGH INSTEP / HEEL PERIMETER (circumference)

REFERENCE GUIDE

The following measures are intended to give you an indication about the Easy Up sizing for kids models. They are based on the production lasts and represent the optimal fit for each size. Tolerance \pm is allowed. Should your measurements largely deviate from one or more of the below references, please contact us at customercare@easyupshoes.com before placing an order or immediately after.

All measurements must be taken while wearing AFO or splints.

In case of doubts please contact us at customercare@easyup-shoes.com

SIZE	A	B1	B	C	D
20	13,30 cm	5,92 cm	18,00 cm	22,20 cm	16,70 cm
